The Managing Director,  
Fuel Stick Nig Ltd,  
156 Isa Kaita Road,  
Kaduna

25<sup>th</sup> August 2008

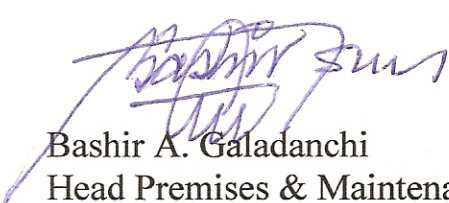

Dear Sir,

**RE: USE OF YOUR FUEL STICK ENGINE PERFORMANCE  
FACILITY ON OUR GENERATORS**

We write in reference to the purchase of Fuel Sticks we made from your company. We have applied the facility on our generators - 2No 750 KVA and 1No 360 KVA - and have observed net 13% savings on fuel purchase. For fuel cost of N4,785,000, the saving was found as N622,050.00

We accordingly plan to continue use of the fuel sticks to achieve low cost management of the generators.

Thank you.

Bashir A. Galadanchi  
Head Premises & Maintenance
