RE: FUEL STICK FUEL ADDITIVE/CONDITIONER

Pursuant to our continued use of your product, **Fuel Stick**™, manufactured by Bio-Marine Solutions Limited, New Zealand, in Malaysia, and marketed by you, we are pleased to attest to the following discoveries, noticed in the course of usage, *inter alia*:

- (i) A constant gross 29% (average) cost reduction in our diesel cost outlay over the period under observation, viz, January 5, 2010 - May 15, 2010.

There has been a noticed and consistent 23.7% net savings on diesel cost monthly, during operation of our **Marapco-branded, Perkins Engine 2 x 900kva [50Hz 3-Phase] generators**;

- (ii) A consistent naira (N) value savings of more than NGN1, 300,000.00 (one million, three hundred thousand Naira only) monthly;
- (iii) improved plant operation, as attested to by our in-house engineers, noticed via cleaner air filters, etc; and finally
- (iv) a cleaner emission, thereby enhancing our contribution as a socially, and environmentally responsible corporate body - to the "greens".

Furthermore, we express our profound thanks for your displayed honesty during the product trial period in our facilities, and pledge our continued patronage in the future in line with our subsisting agreements.

Faithfully,
FOR: AFRICAN SUN/Nike Lake Resort, Enugu
