Dear Sir,

Sub: Performance Report of Fuel-Stick at our site from 20th February 2012 to 20th March 2012

This refers to above subject matter & our trail conducted at various sites from 20/02/2012 to 20/03/2012.

We are happy with the performance of your product Fuel Stick & to our surprise it has given us reduction in fuel consumption on our 125KVA Generators by 20% and 15% on our JS210 Excavator.

We also noticed that it reduces carbon emissions drastically which is useful for pollution control.

Thanks & regards,
