To,
The Director,
Fuel-Stick India Pvt.Ltd.
Chandigarh,
India.

Dear Sir:

Sub : Performance Report of Fuel-Stick(S19) on Boiler (Forbes Marshal 1.5 ton)

As we are using Fuel stick in our BOILER from last year

We are happy with the performance of your product & to our surprise it has given us reduction in fuel consumption(**FO**) by 16 %. As before we had average of 10.2 kgs / Its with treatment of fuel stick to our Furnace oil in boiler we are getting average of 11.85 Kg/ Its

We also noticed that it reduced **carbon emissions (SOOTS)** drastically which is again useful for pollution control.

Thanks & regards,

Rajneesh Sharma
