

18 November 2011

To,
The Director,
Fuel-Stick India Pvt.Ltd.
Chandigarh,
India.

Dear Sir,

Sub : Performance Report of Fuel-Stick on Our Hot water Boiler Enmax Make Model Enstar ES100S of 1,00,000 Keal/hr.

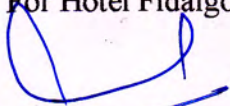

These refers to above subject matter & our trail conducted on our HOTEL BOILER on 15/11/2011 to 17/11/2011

We are happy with the performance of your product & to our surprise it has given us reduction in fuel consumption by 21%. As before we had average of 9.72 ltrs/ hrs with treatment of fuel stick to our diesel in boiler we are getting average of 7.68 ltrs/ hrs. We wish to inform you that there is increase in water temperature also by 10%.

As you informed us and we also noticed that it reduces carbon emissions drastically which is again useful for pollution control.

Thanks & regards,

For Hotel Fidalgo.
