Sir,

RE: FUEL STICK FUEL CONDITIONER.

Please refer to your previous letter of 7th May, 2010.

Pursuant to our use of 3.5 cartons of Fuel Stick Conditioner which treated **42, 000 litres** of diesel, we are pleased to attest to the following observations in the course of usage:

- A substantial reduction in the diesel consumption during the trial period of 8th May, 2010 to 7th July, 2010 and consequently a net savings of **₦800, 000.00** in our monthly diesel cost outlay.
- A greater machine efficiency in our 450KVA CAT power generator as attested to by our in house technicians.
- A cleaner generator emission.

In light of the foregoing, we are pleased to inform you of our satisfaction in your product, which we consider to be a one of a kind in its category and do hereby pledge our continued patronage and support in line with our subsisting agreement.

Sincerely,
